

Diva one + two

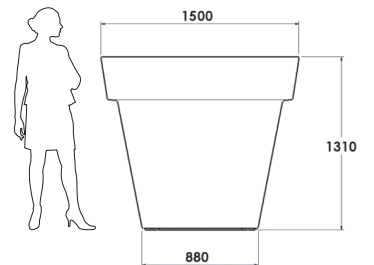

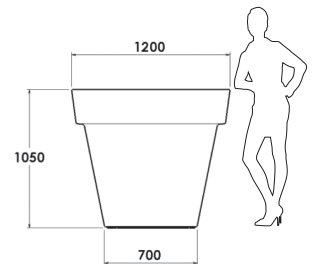

Diva 1 and 2 were made specifically for large plantings on a grand scale, which require plenty of capacity for root balls with a sub-irrigation system available to ensure the plant doesn't go thirsty in between top ups.

As an ecospecified product it is likely to contribute to the achievement of green building rating tool credits.

Available in a myriad of colours the Diva will bring an outstanding presence to both indoor and outdoor areas such as shopping centre malls, plazas and piazzas.

Code	Name	Size ø (cm)	Size h (cm)	Water Reservoir	Soil Capacity
8500	Diva 1	1200	1050	avail #	0.7m ²
8510	Diva 2	1500	1310	avail #	1.3m ²
